Come to learn more about these internationally recognised qualifications:

CIPD Foundation Certificate in HR Practice (CHRP)

We will be launching this new unique programme directly with the **Chartered Institute of Personnel and Development (CIPD)**. The **CIPD Foundation Certificate in HR Practice** is recommended to those who are new in HR, work in an HR support role and want to develop their knowledge and skills or are looking to further their HR career with a professional qualification.

The new Programme starts in March 2012.

CIPD Foundational Certificate in Learning and Development Practice (CLDP)

Also launching this programme directly with the **CIPD**. The **CIPD Foundation Certificate in Learning and Development Practice** is ideal for practitioners looking to make a significant supporting contribution and deliver excellent results in the workplace for acquire a means of professional recognition in a field of learning and development.

The new Programme starts in July 2012.

CIPD Postgraduate Diploma in HR Management

Due to popular demand we are launching the second cohort of this programme in cooperation with Nottingham Business School. **CIPD Postgraduate Diploma in Human Resource Management** is directly focused on the needs of experienced people working in the HR and L&D area. If the question of how to become a more strategic partner to the leadership of your company is an issue for you, you should not miss this opportunity to get more information about obtaining this highly valued international qualification and UK postgraduate degree.

The second run of the Programme starts in June – July 2012.

Join us during our CIPD open evening!

- Meet CIPD representatives and find out about CIPD, CIPD membership and new CIPD programmes being launched in the Russia and about benefits of these programmes
- Get more details about the content and requirements of the Foundation Programme and of the Postgraduate Programme – find out if the programmes are for you
- Talk to the current students of the Postgraduate Programme and learn where they see the advantages of it
